LIONS	V.	REDCLIFFE CITY	8.30 PM

last week's gameLIONS v WEST ADELAIDE 0 - 2 LOSS

Our last game against West Adelaide, was played with Lions doing better in the first half while not reaching the same effort in the second half which eventually led to our 2 - 0 defeat.

The first half saw West Adelaide's goal keeper pull a couple of great saves off and deny us certain goals. John Ogden was getting through a lot of defensive work in this half while Liddell and Jackson were playing confidently at the back.

After only eight minutes into the second half Lions fell behind by a goal through ineffective marking of players in our penalty area.

Lions lifted their game and for the next twenty minutes continually pressured West Adelaide's defence and had four good chances repelled. A Jim Morton foul which should have been a penalty, Frank Liddell's header onto the crossbar, David Hunter's shot cleared off the line and a shot hitting the upright and going along the goal line into the keepers hands.

With only ten minutes left a doubtful free kick against us resulted in another goal for West Adelaide which was scored with a glancing header. A disappointing second half performance costing us two points.

Congratulations to all those Lions players who played in the interstate game v. N.S.W. They did themselves and Lions proud.

Let us continue this form into today's game.
